SUMMARY OF THE REASONS FOR DECISION:

The Classification Office classifies the CD-ROM cassette case *Brabusters* as: Unrestricted.

The cassette case *Brabusters* contains the title in large lettering across the top, and a descriptive blurb which describes the content of the associated CD-ROM also entitled *Brabusters*. The blurb states that the CD-ROM contains images of women with "large breasts" which are "...a real turn on". The blurb also contains technical information. The cassette case is intended as shelf advertising, and although indicative of the sexualised content of the associated CD-ROM, it is not considered enough to warrant a restriction. The Classification Office considers that there is nothing in the contents of the cassette case that would make its availability likely to be injurious to the public good.
